1. Introduction

This user manual addresses the processes necessary to perform Survey & Certification (S&C) Provider functions in iQIES.

For information on other modules, refer to Reference & Manuals on QTSO.

1.1 Getting Started in S&C – Important Information to Know

Below is important general information about iQIES.

- Log in to iQIES at https://iqies.cms.gov/ with Health Care Quality Information Systems (HCQIS) Access Roles and Profile (HARP) login credentials. Refer to the iQIES Onboarding Guide for further information, if necessary.
- All screenshots included in this manual contain only test data. Current screens in iQIES may differ from what is shown in screenshots below.
- Screenshots are dependent on user role and may not be an exact representation.
- Words highlighted in blue are clickable links.
- A red asterisk (*) indicates a required field.
- Blank fields may have a limited number of characters allowed in that field. If so, the character limit is shown on the bottom left. The blank fields may also be expanded. Click the two 45° parallel lines and drag to the right to enlarge the box. See *Figure 1, Expandable Field*.

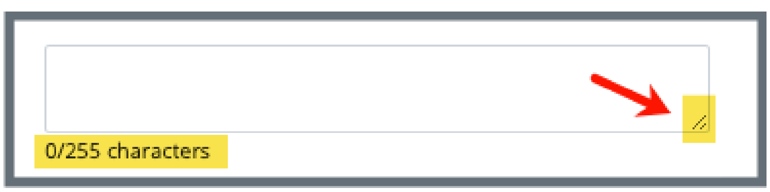

Figure 1: Expandable Field

- iQIES times out after 15 minutes of nonuse and reverts to the login page. Be sure to save data regularly. iQIES remains up and active as long as it is in use.
- iQIES uses a smart search. Once three letters/digits are typed in the search bar, results are shown based on the letters/digits entered. The more letters/digits entered, the narrower the search. If any of the results is the correct result, click the result to open.

- Review any yellow/orange notification banners. See *Figure 2, Notification Banner*. These banners can be closed (X'd out) if they do not apply or they are resolved.

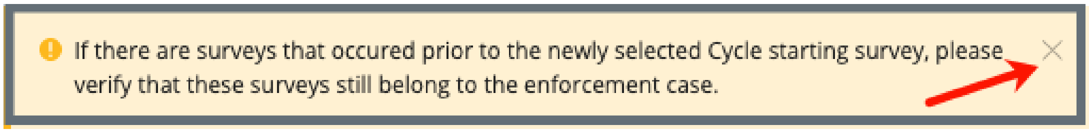

Figure 2: Notification Banner

- Review any Tool Tips for additional information to perform an action. Hover over the information icon to see the tip. Tool Tips are in iQIES to communicate information. Look for the information icon. See *Figure 3, Tool Tip Icon.*

Figure 3: Tool Tip Icon

- Below are the supported browsers for access to iQIES. **Do not use Internet Explorer.** It is not supported. Be sure to keep your browser updated.

  For best results, please use the latest version of these browsers:
  Chrome
  Firefox

  The latest versions of the browsers below are also supported:
  Microsoft Edge
  Safari

1.2 iQIES Service Center

The iQIES Service Center supports users working within the various iQIES components: S&C, Patient Assessment, and Reporting.

Assistance Accessing iQIES:	Contact the iQIES Security Official (SO) for your organization

More information on iQIES:	Refer to the QIES Technical Support Office (QTSO) and the Quality, Safety, & Education Portal (QSEP). Logging in to HARP may be required before accessing some documentation in QTSO and QSEP. iQIES reference materials include: • Links to Training Videos for providers • Assessment Management User Manual • Quick Reference Guides • Onboarding Guide • Managing User Information • Other helpful iQIES material iQIES training materials on QSEP include S&C Foundation Series Videos

1.3 Roles and Permissions

iQIES roles allow users to access information pertinent to their area of work. The examples provided in this document pertain to S&C and require a State Agency or Centers for Medicare & Medicaid Services (CMS) role with the capability to view or edit this information.

Permissions are ultimately governed by HARP access privileges. Contact the SO for your organization or the iQIES Service Center for issues relating to access and permissions. Refer to the iQIES User Roles Matrix for detailed information on roles.

For additional help, refer to https://iqies.cms.gov/iqies/help or click the help icon in the top right corner of the screen, see *Figure 4, Help Icon*, for further information.

2. Manage a Provider Overview

A provider is any organization, institution, or individual that provides health care services to Medicare beneficiaries. Physicians, ambulatory surgical centers, and outpatient clinics are some of the providers of services covered under Medicare Part B.

This manual explains how to search, add, approve, or reject a provider, view and download reports, add buildings, multiple locations, branch addresses, operating details, additional contacts and explains certification and licensure and deeming information for Home Health Agencies (HHA), Ambulatory Surgical Centers (ASC), and Hospice provider types.

Contact the iQIES Service Center to delete a provider.

3. Search for a Provider

3.1 Go to **Survey & Certification** at the top of the iQIES home page. Click the arrow to open the drop-down menu.

3.2 Click **Search**. The **Search** screen opens. See *Figure 5, S&C Search*.

6. Add a Provider

New providers are automatically set to **Pending Certification** status.

Review information in the [Certification and Licensure](#) section to certify a new provider, if necessary**.**

6.1 Click **Add a Provider** from the **Survey & Certification** drop-down menu to add a new provider. See *Figure 16, Add a Provider*. The **Add a Provider** window opens.

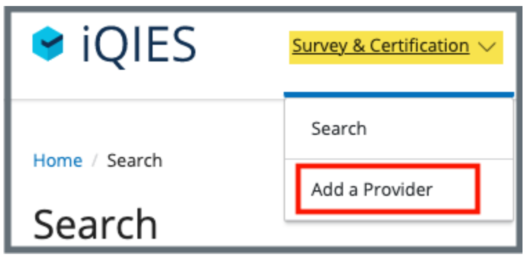

Figure 16: Add a Provider

6.2 Fill out the information. See *Figure 17, Add a Provider Basic Information*.

Notes:

- Greyed out areas cannot be filled out. They are disabled based on the provider's information.
- Check **Same as Legal Business Name** to automatically populate **Doing Business as Name** if both names are the same.
- **Address 1** must be a locatable address. Use **Address 2** for additional details, if necessary. For questions about a locatable address, go to the USPS ZIP Code locator and enter **Street Address**, **City**, and **State** and click **Find**. A new window opens with the locatable address.
- **Address 2** can be a PO Box, but a provider that has a PO Box cannot be a practice location.

6.3 Click **Add Provider** to add the provider. The new **Provider History** page opens and can be viewed and edited.

Notes:

- An iQIES ID is automatically generated.
- New surveys and intakes can now be added.

12.3.2 Update information.

12.3.3 Click **Save**.

13. Additional Branch Addresses

Additional Branch Addresses is enabled for the HHA provider type only.

Notes:

- All non-Medicaid additional branch addresses are automatically reviewed by CMS. An email is then automatically sent to notify the SAGU of approval/disapproval.
- Medicaid Branch IDs do not need CMS approval.
- Providers must be certified to add an additional branch.
- New branches are assigned Branch CCNs.

13.1 Click **Additional Branch Addresses** on the **Provider Details** window. See *Figure 37, Provider Additional Branch Addresses*. The **Add Branch** window opens if there are no existing additional branches. If there are existing branches, click **Add Branch**.

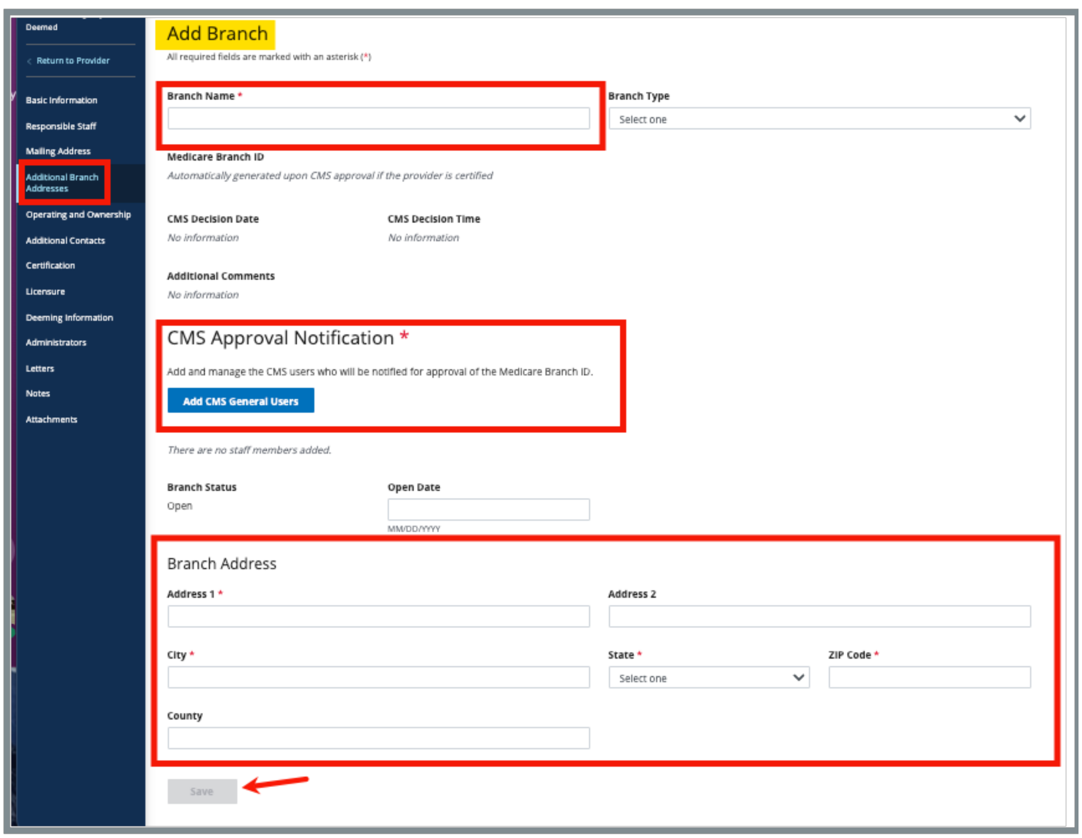

Figure 37: Provider Additional Branch Addresses

13.2 Fill out the information.

13.3 Click **Save**. The **Additional Branch Addresses** updates and the multiple locations update is saved.

Notes:

- There must be a designated CMSGU to approve the additional branch
- An automatic email is sent to the CMSGU when **Save** is clicked
- The CMS user then approves or disapproves the additional branch address
- An automatic email is sent to the SAGU with the decision
- Once the **Branch ID** is assigned, the additional branch can be edited, but no longer be deleted

15.4.2 Fill out the information.

15.4.3 Click **Save**.

16. Certification

Notes:

- At this time, iQIES cannot process Medicare to Medicaid and Medicaid to Medicare certification status changes. Contact the iQIES Service Center to address these situations.
- Certified providers have a unique system-generated CCN assigned. The CCNs are state and provider-specific.
- Only CMS General Users can change the certification status from **Pending** to **Certified** or **Terminated** for a Medicare, Medicare/Medicaid provider.
- The following criteria must be provided before a provider can be submitted for certification:
    - **Certification Status** is **Pending**
    - **Survey Extents** are selected
    - **Survey Status Dates** are provided
    - Required fields are completed
    - Citations are locked

  Refer to **Add a Provider**, if necessary.

17.2 **Click Edit** to make any updates. The **Certification** page opens.

17.3 **Update** information as needed.

Note: Once assigned, the CCN cannot be changed.

17.4 **Click Save**. The **Certification** page updates with the edited information.

18. Deeming Information

A deemed provider is when S&C activities are handled by an Accrediting Organization (AO) instead of the state survey agency.

Only a CMS General User (CMSGU) can certify or terminate a provider.

It is not necessary to add a survey or deeming information to certify a provider.

18.1 View Deeming Information

Click **Deeming Information** on the **Provider Details** window. See *Figure 50, Deeming Information Details.* The **Deeming Information** window opens.

Notes:

- The **Deemed Status** and **Deemed Date** are directly under **Deeming Information**.
- The **State Survey Jurisdiction History** can be tracked, and the provider can be certified as deemed while under SA Jurisdiction.
- CMSGUs and State Agency General Users (SAGU) can update the **Compliance Date** and **Return to AO** date.
- Only the CMSGU can update the **Reason for Change**.
- Existing AOs, if any, are shown under the **Add Accrediting Organization** button.

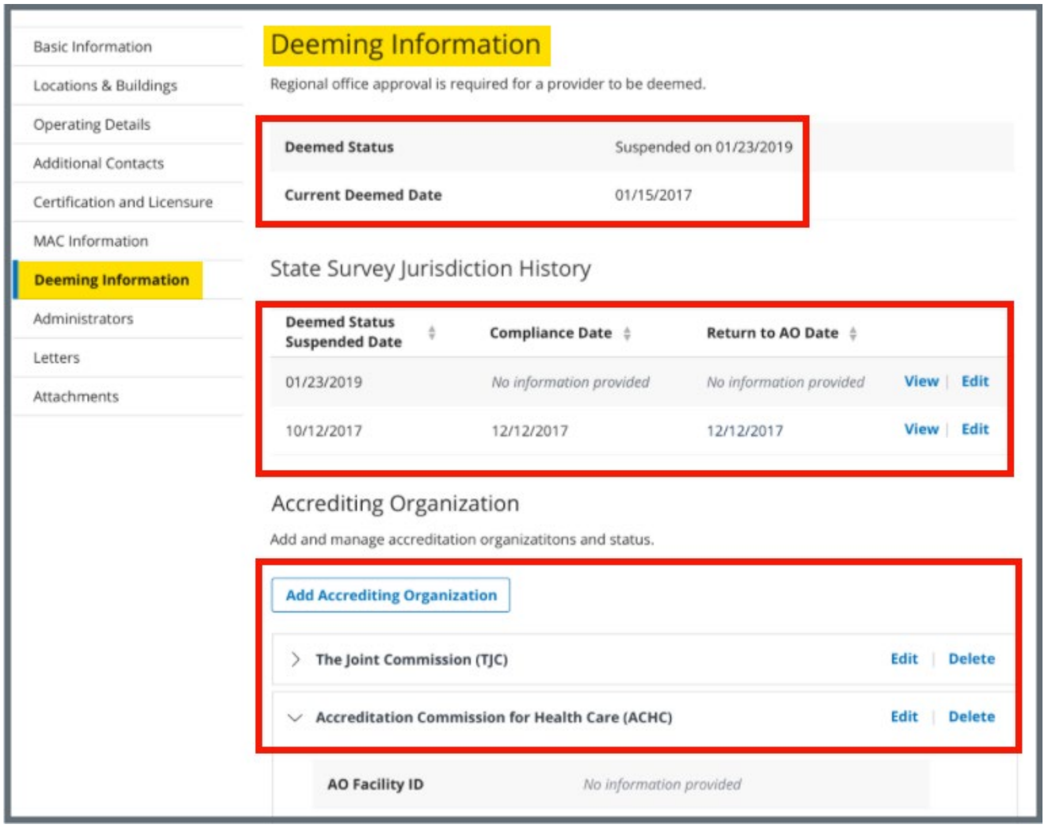

Figure 50: Deeming Information Details

18.2 View State Survey Jurisdiction History

Click **View** or **Edit** under **State Survey Jurisdiction History** to view or edit the Jurisdiction History on the Deeming Information page. The **State Survey Jurisdiction Details** window opens. See *Figure 51, State Survey Jurisdiction Details.*

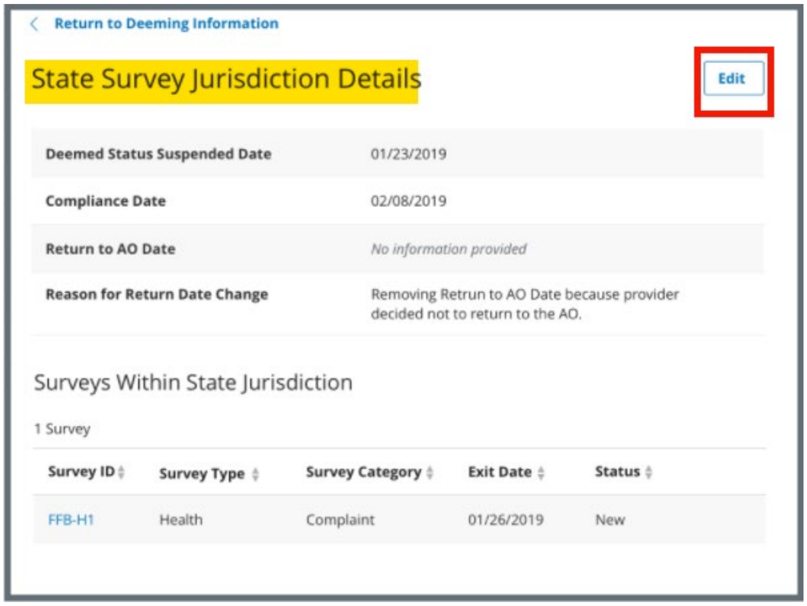

Figure 51: State Survey Jurisdiction Details

Notes:

- A CMSGU can edit the compliance date and reason for change.
- A SAGU can only enter a compliance date.

18.3 Add Accrediting Organization

18.3.1 Click **Add Accrediting Organization** on the Deeming Information page. The **Add Accrediting Organization** window opens. See *Figure 52, Add Accrediting Organization*.

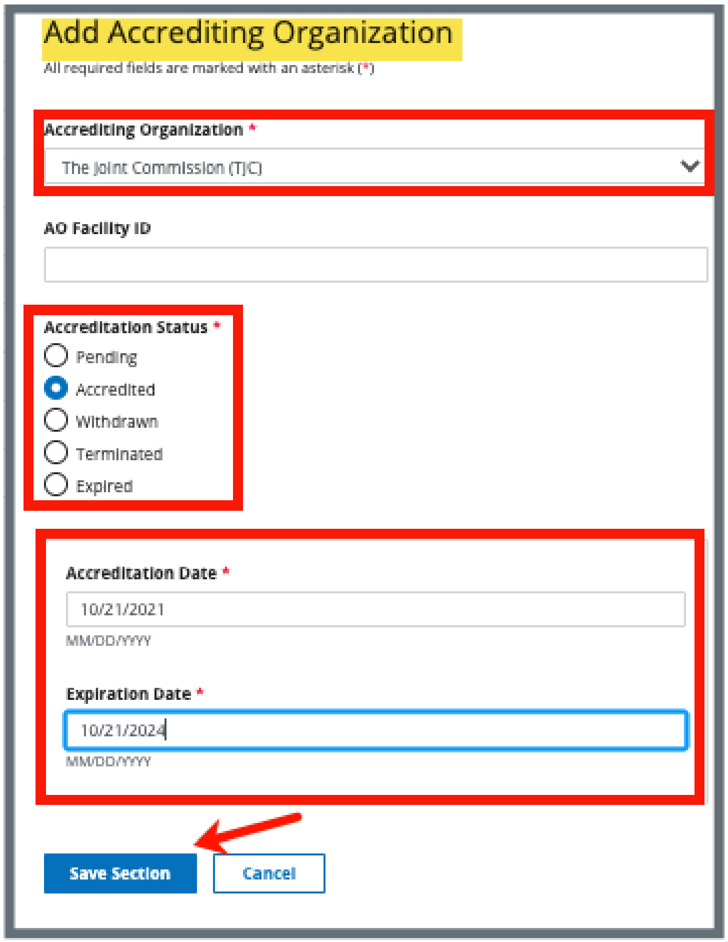

Figure 52: Add Accrediting Organization

18.3.2 Enter the applicable information.

18.3.3 Click **Save Section** to save the AO. The **Deeming Information** page opens, and the updated AO information is listed below.

Notes:

- Click **Edit** on the **Deeming Information** page to edit any AO information.
- Only CMS General Users can select the approval status and approval date of the accreditation.
- The approval date is the same date as the Accreditation Date.

19. Administrators

19.1 Click **Administrators** on the **Provider Details** window. See *Figure 53, Add Administrator*. The **Add Administrator** window opens.

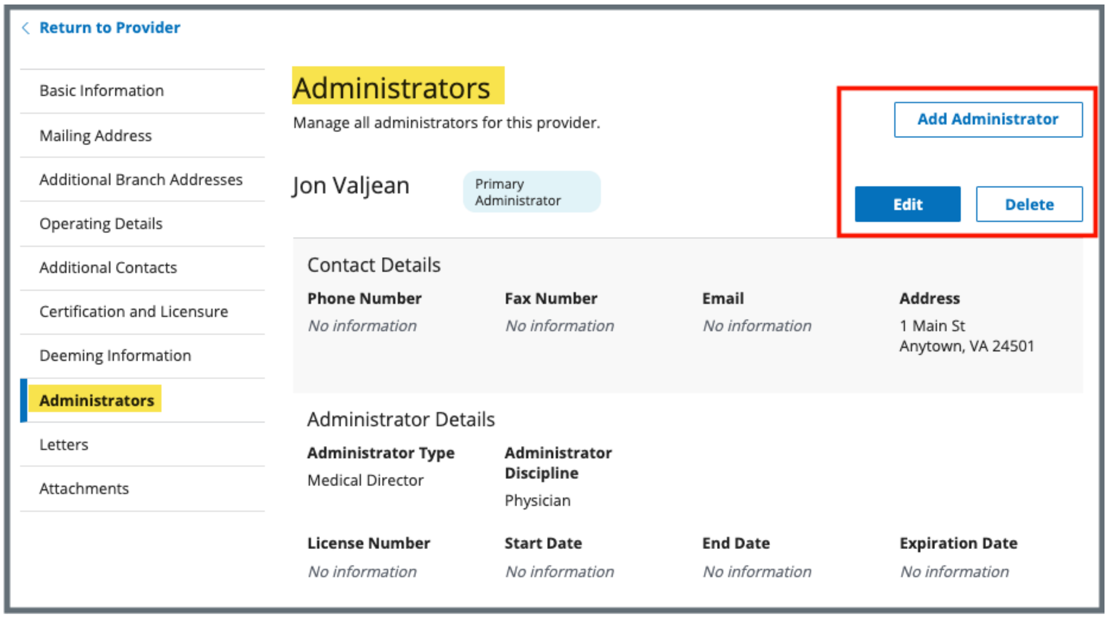

Figure 53: Add Administrator

19.2 Fill out the information.

Notes:

- Only one Administrator can be primary.
- Only the last five administrators, including the current one, can be listed.

19.3 Click **Save**. The **Administrators** page updates with new Administrator. The page can be viewed and edited.

Note: Click **Edit** to edit information, if desired. It is not possible to edit or delete a note created by another user.

19.4 Click **Delete** to delete an administrator. A pop-up window opens and asks for confirmation to delete. Click **Delete** again to confirm removal.

20. Letters

Purpose: To add, upload, generate a letter from an existing template, edit a Letter Overview, delete a letter, or add recipients to a letter. Nonstandardized templates can be edited in the Letters section of the applicable S&C area (providers, surveys, intakes, enforcements).

Note: Letter templates are created in the Letter Template Management section. Review S&C User Manual: Letter Template Management for more information.

20.1 Add/Upload a letter

20.1.1 Click **Letters** on the left menu to go to **Letters**. See *Figure 54, Providers Letters.*

20.2.6 Click **Next**. The **Generate attachment from template** page opens.

20.2.7 Update the template as desired. See *Figure 59, Letter Template*.

Notes:

- The template can be modified. Textholders can be removed, words can be edited and updated. Be aware that the text changes apply only to the current letter and not to the template. Refer to Letter Template Management, to edit the original template.
- Standardized templates cannot be modified in the Letters section of any S&C area (providers, surveys, intakes, enforcements). To modify a standardized template, the template owner must edit the template in Letter Template Management.
